Love Mash!

This month, our RBE CIS-ACE students will be focusing on the concept of love by partaking in various Science, History, Art, Culinary, and Craft activities. During Love Mash, students will utilize history resources to do research on important historical figures that used the power of love to change the world. Students will also learn new strategies about loving themselves and others. Students will close the unit by working together to learn about the functions of the heart. If you are interested in seeing our students interact in different, fun and exciting activities please feel free to stop by!!
