

Weekly Census Update

Brought to you by Pasadena ISD Communications Department ■ August 19, 2020

Census count progression picking up, block walking has begun

The US Census Bureau began door to door canvassing last week. Census workers have to pick up the pace after a long delay caused by the COVID-19 pandemic.

Further, the deadline date has been rescheduled several times and most recently was moved up from October 31 to September 30 of this year in order to meet a reporting deadline in January of 2021.

As Pasadena ISD has continued to analyze the Census tracts relevant to Pasadena ISD, progress had come to a

near standstill nationwide for the summer months.

However, numbers have been growing tremendously since the door to door canvassing began last week.
